HealthReach celebrates 2022 as a Year of Excellence, thanks its stellar team

WATERVILLE – As we look forward to the New Year, it is always good to reflect on the past – to learn what lessons we can, and to recognize success so it can be expanded upon. The staff of HealthReach Community Health Centers are pleased to celebrate *many* successes from 2022. Here are a few recognitions we are proud to share with our communities:

- HealthReach as an organization was once again recognized by the US Department of Health and Human Services, Health Resources & Services Administration (HRSA), as a Patient-Centered Medical Home (PCMH), as a Health Center Quality Leader, and for Advancing Health Information Technology (HIT) for Quality.
- Dr. Amy Madden, HealthReach Medical Director, was recognized by Home Hope & Healing as their *Physician of the Month* for the month of May 2022. We are pleased to see Dr. Madden's dedication to her patients and quality of care recognized by external partners.
- Rep. John "Jack" Ducharme III, HealthReach Board member, was recognized by the Maine Primary Care Association and received the *MPCA 2022 President's Award* for his efforts to support community health centers across Maine. Jack rallied members of the Maine House of Representatives to improve the financial sustainability of rural healthcare.
